

Esplendido Reddish Brown

"Granite Stone Colour Enhancement Technology"

SKU: **RS-GRB**
Category: **Granite Processing Solutions**

Product Description

Warm reddish-brown granite colour converter for a rich, decorative premium finish.

Key Benefits

- Deep, uniform colour conversion for premium granite finishes
- Long-lasting, weather & UV resistant
- Penetrates the stone - does not peel or flake
- Enhances natural texture & prepares for mirror finishing
- Suitable for factory & on-site application
- Consistent results across batches

Application Process

1. Clean the surface - remove dust, grease & loose particles.
2. Apply evenly using brush, roller or spray as recommended.
3. Allow the product to penetrate / cure for the specified time.
4. Wipe off excess, allow to cure & inspect for uniform results.
